

FREQUENTLY ASKED QUESTIONS

For more info on all of our drinks and if you have specific questions not answered below - please get in touch at drinks@circacirca.com

How long do the drinks last?

Ideally they are consumed with 48 hours of delivery. But if kept chilled they will last well for up to two months. They never hang around too long!

Do I need to keep the drinks in the fridge?

Yes

How do I serve each drink?

The choice is yours, but we suggest shaking each drink over ice in a cocktail shaker/jam jar and straining into your favourite glass. You then add the provided garnish - you can just give them a shake - pop a straw in and sip away!

Are the drinks vegan?

All drinks are vegan apart from our Bloody Mary & any bespoke orders you may make.

What are Delivery Options?

We aim for all orders to be on a next day delivery service - both Local & National! Please see the page on nationwide delivery.

Do they come chilled already?

For all local deliveries they will be delivered chilled and all national deliveries they will be kept chilled until collection and then sent with an ice pack - please pop in fridge upon receiving

Can I get a specific drink made that is my favourite?

Yes of course - just drop us a message at drinks@circacirca.com and we can create for you!
